

Time-honored products  
with time-honored quality:  
**Quantum® Exits**

The distinctly attractive Quantum exit offers quick installation, low energy consumption and standard features you've come to expect from the Quantum Family.

**Appearance:**

- Durable thermoplastic housing
- Smallest LED housing on the market
- Black or white housing
- Red or green letters
- Universal chevrons
- Versatile mounting: top, end or back (canopy included)
- Universal face (one or two faces)

**Performance:**

- UL 924 listed for 100-foot visibility
- Ni-cad battery standard on emergency operation
- Tool-less entry
- Easy maintenance

**Options:**

- Fire alarm interface
- Self diagnostics
- Damp location

**Fastest installed unit on the market!**

The Quantum Family offers Quick-Mount™ installation features, making installation a snap and the Quantum Series the #1 choice. We've taken Quick-Mount installation to a whole new level.

1. Connect leads and twist butterfly bracket into place using existing J-box screws.

2. Attach canopy to butterfly bracket. No fasteners needed.

3. Attach housing to butterfly bracket and connect input leads.

**QUANTUM®**
